

## Declaration of Conformity

*Manufacturer:* Quantum Design Inc.  
6325 Lusk Blvd.  
San Diego, California  
92121  
USA

*Equipment:* PPMS DynaCool

*Description:* The PPMS DynaCool is a cryo-cooled physical property measurement system capable of controlling temperature, pressure, and magnetic field. It is used to make a variety of electrical, magnetic, and thermal measurements of different materials in a laboratory environment. The system is comprised of a cryostat, a cabinet, and a CAN module bay. The system may also include one or more CAN based measurement or temperature options also sold by Quantum Design.

*Declaration:* Quantum Design Inc., declares that the above listed equipment has been found to comply with the requirements of the following Directives of the European Parliament and the Council of the European Union.

- 2006/95/EC, Low Voltage Directive
- 2004/108/EC, Electromagnetic Compatibility Directive

The equipment was evaluated according to the following harmonized standards:

- EN 61010-1:2010, Safety requirements for electrical equipment for measurement, control, and laboratory use.
- EN 61326-1: 2013, Electrical equipment for measurement, control and laboratory use - EMC requirements.

*Date of Issue:* 01 December, 2013

*Place of Issue:* San Diego, California, USA
